

## Rental machines

**Cablex** Our range of rental machines includes a comprehensive selection of Klauke cutting and crimping tools with crimping sets and Greenlee punching tools and punches.

### Rental period and price

- The minimum rental period is 1 day
- Freight days are added to the rental period (if “delivered” is chosen as the mode of supply)
- Rental prices are stated without VAT
- The daily rental prices of machines include freight costs in Finland

### Rental machine order

- Fill in the order form on our website <https://www.cablex.fi/en/services/renting/>.
- Send the completed order form by email:  
[cablex@cablex.fi](mailto:cablex@cablex.fi)

### Collection and return of rental machines

- **Collected**
  - Collection and return address:  
Cablex Oy Warehouse, Kärämäentie 23 (collection door), 20360 Turku, Finland
- **Delivered**
  - **When you order a rental machine**  
Cablex handles the freight arrangements according to the delivery details you provide on the order form
  - **When you return a rental machine**  
Call the Kaukokiito order line on +3581004321 (calls cost EUR 1.17 per call + EUR 2.00 per minute + local network rates) and provide the following details:
    - Recipient Cablex Oy, contract number 366176
    - Sender’s name, address, postcode and post town
    - Shipment’s weight, dimensions and other information relevant for collecting the shipment
    - When the goods can be picked up and who the contact person is for the pick-up

**Klauke**® The cutting and crimping tools are state-of-the-art, ensuring a high-quality, standards-compliant connection. Please note that the cable lug, crimping tool, and crimping dies must conform to the same dimensioning standards. The cable lug/splice must be compatible with the type of conductor used.

**GREENLEE** High-quality tools for industry since 1862. Greenlee punchers allow you to make clean and precise openings quickly and effortlessly. They are suitable for die-cutting plastic, aluminium, steel and stainless steel. Greenlee punches split the cut piece into two, making it easier to remove the pieces. Please note that a hydraulic tool is needed for stainless steel and rectangular die-cutting.

## PUNCHING TOOLS – BATTERY-POWERED HYDRAULIC

### LS 60 L

- Product no.: 79500046
- 60kN
- round, max. 95.3 mm
